

Hamlin Town Board Meeting September 13, 2010

The Hamlin Town Board held their regular scheduled meeting in the Hamlin Town Hall located at 1658 Lake Road, Hamlin, New York. The meeting was called to order at 7 pm by Supervisor Terry. The location of the fire exits and defibrillator was explained for those present. Everyone was invited to participate in the Pledge of Allegiance and a moment of silence for the deceased residents of Hamlin.

Present: Councilperson Thomas Breslawski, Councilperson Craig Goodrich, Councilperson Paul S. Rath, Councilperson David Rose, Supervisor Peter Terry.

Also present: Attorney Ken Licht; Code Enforcement Officer Lee Nettin; Planning Board Member Tom Jenson; Conservation Board Members Jason Baxter, Ed Evans and Nick Kramer; Library Director Kay Hughes-Dennett; Library Trustee George Bott; Hamlin Beach State Park Superintendent Marty Howden; John Clarke, DDS Engineer; Gary Comardo, Civil Defense; Residents John and Linda DeRue, Paul Lapinski, Lloyd Lochner, David Matt, Ryan Braun, Don Braun, and Craig Murphy.

PUBLIC FORUM

Supervisor Terry reminded all those present of the rules of Public Forum and opened the Public Forum.

David Matt, Schultz Associates, re: 1366 Walker Lake Ontario Road

The owner went to the bank for refinancing and the bank requested proof that the property met all the town requirements. This property has a house that is over 100 years old on it and is a residential home and it ends up that it is in an Industrial District. The Industrial District is left over from when the railroad went through there. It is adjacent to the old railroad. Most of the railroad right-of-way has been sold off to the adjacent owners; the railroad doesn't own any of the property in the area any more. There are 3 parcels that are still in the Industrial District, and it is surrounded by Residential Low Density, Very Low Density and the Commercial Neighborhood Business District. We are here to get direction from this board tonight is whether we can go to the Zoning Board and get a special use variance to allow a residential use in the Industrial District or if we should go through the process of rezoning the district to Residential to make this property in compliance.

Code Enforcement Lee Nettin stated that this property was subdivided incorrectly. When they subdivided it, they created an issue which the owners were told about and never cleared up many years ago. I have no recommendation as to whether it should stay Industrial. It is a Residential property and it would either have to allow the setbacks as they stand with the house or rezone.

Attorney Ken Light stated that the important consideration is whether the Town Board wants to permanently remove this site from the Industrial Zone. If it got a use variance, the zoning would stay the same so it could be used as industrial in the future. I was also concerned about the spot zoning issue if it was rezoned. As I see this map, it is adjacent to a Residential Low Density District and may also be adjacent to a Residential Very Low Density District. So if you are really adding on to the adjoining district, much of the concern about spot zoning is eliminated. If you want to retain the Industrial Zoning for the future on the parcel, they could go to the Zoning Board of Appeals and ask for a use variance.

It was decided to examine this further during the discussion period of this meeting.

RESOLUTION OF APPRECIATION FOR MARTY HOWDEN, RETIRING PARK SUPERINTENDENT

Resolution # 175 Unanimously approved.

RESOLUTION OF APPRECIATION

WHEREAS, Marty Howden has served as the Park Superintendent of the Hamlin Beach State Park located here wholly within the Town of Hamlin, and

WHEREAS, Marty Howden has fostered much cooperation between the Park and the Town to benefit our residents through the Free Fishing Day, the Earth Day observance, the desire to have the Park be an integral part of a prospective lakeshore sewer project, and

WHEREAS, Marty Howden has recognized the significance of the site of the former CCC Camp and POW Camp located within the Park’s grounds and has encouraged this archaeological exploration into Hamlin’s historical past,

THEREFORE BE IT RESOLVED, that the Hamlin Town Board, on behalf of the residents of Hamlin, extends its appreciation to Marty Howden for using his office and his state institution to work in harmony with the Town of Hamlin and its residents, and

FURTHER BE IT RESOLVED, that Marty Howden be furnished a copy of this Resolution, which is spread upon the minutes of the September 13, 2010 Town Board meeting.

PRESENTATION BY HAMLIN PUBLIC LIBRARY

Kay Hughes-Dennett, Library Director presented the following: It’s been a really exciting year for the Library. It was a very, very heavy summer for reading throughout the community, so that was wonderful.

10th Anniversary Celebration:

- Celebrated on June 6, 2010.
- Friends of the Hamlin Public Library provided the food and worked with the Library Board organizing the party.
- NYS Senator George Maziarz attended and gave us a Certificate of Recognition.
- Many people, both civic leaders and in the community, who helped start the library attended.
- The Dady Brothers provided entertainment.
- We all had a great time!

Our operating budget per capita: We are the lowest operating budget in the county per capita at \$19.70. Nobody is even close to us as far as how we are doing spending our money. We do an awful lot with what the Town allocates us and we are very grateful for what the Town gives us.

Statistics: Our statistics are pretty impressive.

	Library Collection	# of Items Circulated	Patron Visits
2000 (July-December)	10,229	8,604	5,146
2001	14,543	26,445	11,775
2005	23,738	66,156	29,375
2009	29,874	82,585	37,119

We started in July 10th of 2000. We had a collection size of just over 10,000 items. We circulated 8,600 items in 6 months and we had just over 5,000 patron visits. A year later we look at the number of circulated items and it's considerably more over the course of the year. We more than doubled it over an 18 month period of time; patron visits were way up. In 2005 our library collection almost doubled, the number of items circulated was eight times. Patron Visits doubled in 2005; we were way up on everything. In 2009 we had 37,000 patron visits, 82,000 items circulated and our library collection is three times what it was in 2000. We have been doing really great. I did not include the first six months of this year, but we are well on to doubling what we did for the first 6 months, so we will be over what we had last year at the end of the year. We are growing; we are growing quite fast.

Technology:

- SonicWall wireless internet (filtered) added at the end of 2009.
- We hope to update all staff computers in 2011 in advance of the new CARL X ILS.
- 8 new (to us) patron computers installed in June.
 - All have flat panel LCD monitors
 - All have USB drives in the front of the computer
 - All have Floppy and CD drives
 - All have Microsoft 2007 Office Suite

“Make a Splash Read!” 2010 NYS Summer Reading Program:

- We had 15 programs with 439 people in attendance.
- We registered 194 adults, young adults and children and had active participation with 137 individuals.
- We had 86 individuals finish the summer reading program.
- There was a total of 2,524 hours read.

Ad Council of Rochester Grant:

- The Library received a Marketing and Communications grant through the Rochester Regional Library System in October 2009.
- The grant allowed us to work with the Ad Council of Rochester and an employee of Dixon Schwabl Advertising to help us develop a Marketing and Communications Plan.
- This plan helped us identify our key stakeholders (children and their parents, senior citizens and new members of our community) and identify new ways to make the community aware of who we are and what we do.

Friends of the Hamlin Public Library

- The Friends of the Hamlin Public Library continue to be our major library fundraising group. We are very grateful for our Friends organization and all they do for the library.
- Money raised by the Friends supports library programs, such as the Summer Reading Program and other special projects.
- Their major fundraising projects are:
 - Spaghetti Dinner
 - Used Book Sale
 - Harvest Dinner

Hamlin Public Library Staff:

Gail Badders
Cheryl Ingham
Teri Gunsher
Kay Hughes-Dennett
Adrienne Kirby

Library Board:

George (Topper) Bott, President
Sue Evans, Vice President
Carolyn Hungerford, Treasurer
Duane Miller, Secretary
Lillian (Pinky) Parker
Charles Plovanich
Jeanne Brightly
Tom Breslawski, Town Board Liaison

Moving Forward-the Next 10 Years:

- The library has been a very successful addition to the Town since its inception in 2000.
- For the third time the Library has outgrown its space and can offer limited programs to the community because of this.
- The library also, being renters, is vulnerable in terms of a permanent location.
- One of the library's strategic goals is to solve these problems and to study options in the upcoming year.

PRESENTATION BY JOHN CLARK, DDS ENGINEER RE; REZONING

John Clark, DDS Engineer, presented the following:

I am here tonight on behalf of Rick Bower and James Beehler. They are the owners of property located at the west dead end of Country Creek Lane, off Hamlin-Parma Townline Road. They own a 53 acre parcel that is currently zoned Residential Very Low Density. Very Low Density means 5 acre minimum lots. This parcel is directly west and abuts the Country Creek Estates subdivision. In this subdivision there are approximately 30 single family resident homes that are built there now and that is zoned Residential Medium which allows for ½ acre parcels. We are here tonight seeking a rezoning of this 53 acre parcel from Residential Very Low Density to Residential Medium. The proposed plan is to put 23 single family homes on this property, while also maintaining some of its agricultural uses and perhaps maximizing some of the open space that is talked about in the Comprehensive Plan.

APPROVAL TO SET WORKSHOP TO DISCUSS REZONING

Resolution # 176 Motion was made by Councilperson Rose, seconded by Councilperson Breslawski, requesting Town Board resolution to set a workshop date for all Boards on October 7th, at 7 pm to discuss rezoning parcel on Country Creek Lane.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

PRESENTATION BY GARY COMARDO, CIVIL DEFENSE

Gary Comardo, Civil Defense, presented the following:

I am here to present information on the Monroe County Civil Preparedness Initiative. This is a coordinated federal, state, county and local response to a public health threat. Threats include pandemic (ex: swine flu, bird flu) and terrorist biological attack. If such an event should occur, the County has a plan in place to distribute mass quantities of medicines and inoculations to the population.

The County is divided up into zones. The Towns of Hamlin and Parma, and the Village of Hilton are Zone 1 (approximately 25,000 people). If an event occurs, Hilton High School will be the Zone 1 POD (Point of Dispensing). If an event occurs, medicine and other needed supplies will move from Federal stockpiles to the PODS. Current plan has the majority of residents parking at remote locations and being bussed to the high school. Mobility restricted residents would be served at their location (nursing homes, etc). A drive-through POD at a remote location is a possibility. The supplies are already in position with the Federal Government, ready to load up on the big transport planes to go to whatever point in the country it is needed. Each state has its own internal distribution network set up to get the supplies to the point where they are needed if there is an event.

Current Status: Need to develop a process to recruit/train key volunteer staff. Need more funding sources if an event occurs.

APPROVAL OF REGULAR TOWN BOARD MEETING MINUTES OF AUGUST 9, 2010

Resolution # 177 Motion was made by Councilperson Rath, seconded by Councilperson Rose, requesting approval of the regular Town Board meeting minutes of August 9, 2010.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

AUTHORIZATION OF PAYMENT OF BILLS FROM THEIR RESPECTIVE FUNDS

Resolution # 178 Motion was made by Supervisor Terry, seconded by Councilperson Rath, to authorize payment of bills from their respective funds.

Supervisor's Monthly report acknowledged and filed.

CORRESPONDENCE:

- a. Copy of an article on Agricultural Protection Zoning.
- b. A letter to Mr. Westcott RE: the Hamlin-Clarkson Cemetery.
- c. A copy of our quarterly sales tax distribution.
- d. A Thank You from the Census Bureau.
- e. A letter from the Supervisor to Mrs. Freeman RE: Hamlin Station.
- f. An E-mail from Mr. Kirsch from Country Creek Subdivision RE: the change in the code.
- g. Time Warner changes.
- h. Building Inspector's monthly report for August 2010.
- i. DCO report for the month of August 2010.

APPROVAL TO RE-APPOINT MARGURETTE TO BOARD OF ASSESSMENT REVIEW

Resolution # 180 Motion was made by Councilperson Breslawski, seconded by Councilperson Rath, requesting Town Board resolution to re-appoint Margurette Rush to the Board of Assessment Review for a 5-year term ending September 30, 2015.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

APPROVAL TO SET ANNUAL BUDGET WORKSHOP DATES

Resolution # 181 Motion was made by Councilperson Rose, seconded by Councilperson Goodrich, requesting Town Board resolution to set workshop dates for September 20th at 6:30 pm, October 7th at 6 pm, October 19th at 6:30 pm, October 25th at 6 pm for annual budget work and review.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

APPROVAL TO SET FALL CLEAN-UP DATES

Resolution # 182 Motion was made by Councilperson Rose, seconded by Councilperson Goodrich, requesting Town Board resolution to set fall clean up for October 2nd to October 10th.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

APPROVAL TO SET FALL BRUSH PICK-UP DATES

Resolution # 183 Motion was made by Councilperson Goodrich, seconded by Councilperson Breslawski, requesting Town Board resolution to set fall brush pick up for October 18th to October 22nd.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

DISCUSSION:**1) *Review Intermunicipal Agreement between the Towns of Parma and Hamlin regarding Assessment Services.***

Per our agreement with the Town of Parma, each year in September we are to review the Intermunicipal agreement between the Town of Parma and the Town of Hamlin regarding assessment services. There were no changes suggested.

2) *Redman-Cook Water District update.*

Councilperson Rath stated that all 44 parcels have been contacted. At this point 21 have signed, 16 have elected not to sign, 7 have requested more time to think about it and plan on getting back to me. Once everything is completed, we can set a public hearing.

3) *1715 Lake Road Update.*

We received 2 bids for the demolition: Kevin Manna \$47,040 and Frederico Wrecking \$21,580. The Frederico Wrecking bid was complete.

APPROVAL TO AWARD BID TO FREDERICO WRECKING FOR DEMOLITION OF 1715 LAKE ROAD

Resolution # 184 Motion was made by Councilperson Breslawski, seconded dually by Councilperson Rose and Councilperson Goodrich, requesting Town Board resolution to accept the bid from Frederico Wrecking for the sum of \$21,580 to demolish the building located at 1715 Lake Road.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

4) *1366 Walker Lake Ontario Road.*

Mr. Matt presented us during the public forum the issue at 1366 Walker Lake Ontario Road and getting a use variance.

It was suggested all three parcels be rezoned to RVL. Building Supervisor Lee Nettin stated that rezoning would create two lots that would be difficult to build on in RVL being less than 5 acres.

Attorney Ken Licht stated that the Town Board has to either respond to an application by the property owners or we can do it on our own initiative. Amendment to the Zoning Map may be made by a Resolution of Intention of the Town Board, Resolution of Intention of the Planning Board, or application by property owners. The way to get it started is by Resolution of Intention to rezone.

APPROVAL OF RESOLUTION OF INTENTION TO REZONE PROPERTY ON WALKER LAKE ONTARIO ROAD

Resolution # 185 Motion was made by Councilperson Breslawski, seconded by Councilperson Rath, requesting Town Board resolution of intention to rezone the Industrial property located on the east side of Walker Lake Ontario Road, Rt. 260 from Industrial to Residential.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

APPROVAL TO SET PUBLIC HEARING TO REZONE PROPERTY ON WALKER LAKE ONTARIO ROAD

Resolution # 186 Motion was made by Councilperson Breslawski, seconded by Councilperson Rath, requesting Town Board resolution to hold a public hearing date on October 12th, at 6:30 pm to rezone property on Walker Lake Ontario Road from Industrial to Residential.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

REPORTS:

Councilperson Breslawski – Recreation has started their Before and After School Care program last week. Things went pretty well; they put a lot of effort into it. They have five registered so far. There is a lot of interest in the program.

The Library Trustees are looking into reinvesting the McGrath award with a Wells Fargo product that will offer them better rates and also allow the entire award to be invested under one umbrella and it will still give them FDIC coverage. The Friends of the Library are having their Fall Harvest Dinner on September 26th from 4 pm to 7 pm at the VFW.

Councilperson Goodrich – Hamlin Ambulance meeting is tonight. Dog Control had 19 calls last month.

Councilperson Rose – Everything on Senior Citizens is going well. This year's Christmas party will be at the Hometown Café. On the 25th, 26th, and 27th, the Seniors are having a 3-day trip to Vermont that was paid for by the individuals that are going.

There was an email from Pat in regards to the transfer of money which can be done next month to close out the books for the lodge.

We are starting up the Zoning workshops on October 14th at 7 pm at the Town Hall.

Councilperson Rath – Conservation Board – you have the minutes.

Fire Districts - We were awarded the grant to consolidate the districts.

Highway Superintendent Steven Baase – We have a lot of our road work done for the year. Right now we are doing a lot of ditching for the County.

On the 21st Greece is coming out to grind up our wood chips. After the 21st we will have a good size pile of woodchips if anyone in town wants any.

Next week I hope to start replacing about 700 feet of gutter in the Hillcrest subdivision. We are going to tear them out and Heinz Concrete, who is on County bid, will come out and pour them. We are going to start fixing a bunch of catch basins in the housing tracts. Beginning in October we will be replacing culverts on Ketchum Road. Everything else has been running fairly smooth.

Building Inspector Lee Nettin – At 1715 Lake Road, we are responsible for asbestos abatement project monitoring. I put two quotes in your mailboxes. One from Stohl, the other one was open-ended.

They are waiting for the project managers to submit a schedule before they will firm up their amounts. I feel pretty confident that they will come in a lot higher than Stohl.

I have been contacted by a third party representing the owner of 1713 as far as the reconstruction on his building once the demolition is completed. He is requesting entrance into 1715 to look at what he is dealing with. I will be meeting with him to show him around to see what he is up against.

Assessor Don Wells – The assessment process is almost over. Even though the July 1st final roll has been published and certified, the assessment process allows grievances to go beyond that. I am officially done; we had our last small claims last week, but we haven't gotten the results back. It takes anywhere from 10 to 30 days to get those results. Hopefully these numbers that I reviewed won't drop too much, but if they do, it will be only a minimal amount. The overall taxable value for the town based on last year was \$452,053,239, the new reassessment came in on the final tax roll at \$436,381,442, which is a reduction of \$15,671,797. I want to highlight that because many people thought that the Town was going to see a huge increase. I think if the Board had done this reassessment about 4 years ago, you would have seen a huge increase in taxable value. With the current market and the fact that the town was pretty much imbalanced on how the assessments were being assessed for over 20 years, the truth is the value went down. I think it is more a reflection of the market the last two years. The total parcel count went from 3,450 up to 3,479, mostly due to splits and merges that took place in the town. We saw a huge increase in agricultural exemptions, but that was expected. Once we went market value with land prices, a lot of people who weren't getting the exemption signed up; it almost doubled. We had our normal increases in Star and Veterans exemptions. During the grievance process overall between GAR and myself, we saw over 500 people during the informal session, which well below what was expected. That sounds like a lot, but when a town goes this long without a reval, we were expecting to see 700+. We had less than 100 people come in and less than 80 come into the Assessment Review Board. I was expecting over 100, and had planned on 3 days for the assessment board to meet, and we only went about 1 ¼ day. We had 7 small claims, and I was anticipating about 10-15. We didn't have any negative comments that I am aware of. Overall, it went truly better than expected. It's a compliment to the residents.

Unfortunately, we do have an issue with our Hidden Creek manufactured home park. This isn't directly tied to our reassessment process, but it's come about because of the reassessment. The owner of the park sent out new lease agreements and based their leases on our assessments of the manufactured homes. This is a change in how they have done it in the past. We can't control how they do this; I know it is being looked at. Their overall assessment went up about \$92,000 when you look at the 2009 value. Using \$39 accumulative tax rate, their overall tax increase (school, town/county, and fire) would have been \$3,600 based on the prior year. Had they taken that \$3,600 and shared it among the 200+ manufactured home owners, it would have been about an \$18 increase and divide that by 12 months and it comes out to \$1.50. What they have chosen to do is to take the values we placed on the manufactured homes to come up with the overall assessment to drive lease agreements. I have seen a couple go up over \$100 per month. The manufactured home owner doesn't have the right to grieve this assessment; it's the actual park owner, and they chose not to. I spoke to a rep at the mobile home park and they chose not to grieve their assessment, but to pass on the increase to the residents. As your town assessor, everything I tried to do with the park residents, I made a point to make sure I gave them due diligence. I will hear their concerns and issues and we will make sure our data is correct based on bill of sales and information they give us. They really need to direct those complaints to the park owner and the park owner needs to come in. There is a meeting in the next month and we are hoping to involve Supervisor Terry, some representation through the state and park reps to try and resolve this. It's an important issue and I hope we can resolve this.

New school tax rates came in about where we were telling people. Brockport was at \$54.48 and has come in at \$23.60. Hilton went from \$50.49 to \$22.38 per thousand. Kendall went from \$43.61 to \$18.78 per

thousand. The school rates are very similar and consistent from town to town because we are at full market value. In the next few weeks, I will be sitting down with GAR to discuss future needs and costs to maintain the assessments.

I had a meeting with our state rep and the state is in the process of changing the aid program on maintaining assessments. They are going from tri-annual to cyclical, which means somewhere in the next four years we will have to reassess. For the old process we signed a contract, maintained our assessments and we would get \$5 per parcel for doing that. For the new process we have to sign a contract that says we are going to do something within the next four years to get our \$5/parcel for doing our reval this year, and then in the next 2 to 3 years we will get \$2/parcel whether we do anything or not. In the fourth year if the Town Board chooses to break the contract and not reassess, we would have to return the \$2/parcel.

I will be sitting down with GAR and I will make a proposal to the Board down the road. It's my belief that we will maintain this, and I would like to see us get on a \$5, \$2, \$5, \$2 cycle. Between the two towns, I think it is very doable.

Conservation Board Jason Baxter – The Friends of Hamlin Beach continues to move along; we are making progress. We are all sad to hear of Marty's retirement. He's been great to work with. I am glad to see he received a resolution tonight. Ed has a talk tomorrow at 7 pm in Greece at the Town Hall.

ADJOURNMENT

Motion was made by Councilperson Breslawski, seconded by Councilperson Goodrich, to adjourn the meeting at 8:25 pm as all business has been concluded.

Polled Votes: Councilperson Breslawski aye, Councilperson Goodrich aye, Councilperson Rath aye, Councilperson Rose aye, Supervisor Terry aye. Motion carried.

Respectfully,

Kathi A. Rickman, MMC
Hamlin Town Clerk
