COMMUNITY Scarecrow CONTEST!

## LETTER FROM THE SUPERVISOR

Summer is going by so quickly! So many things to do and take part in. There have been festivals, parades and carnivals, swimming, fishing and visiting the Parks. Countless barbeques and family get togethers! It is no wonder that when we were kids we thought summer would never end. It is truly a tremendous time of year to live in Hamlin. I do enjoy good home cooking and the variety and bounty of the local produce is unmatched right now. I may be a bit biased but I think the farmers in Hamlin grow the best sweet corn in the county! If you haven't had any yet, stop at one of the local stands and bring some home, you are in for a real treat!

The Town is busy as usual. Recreation programs have been in full swing. The kitchen in the Charlie Maier Lodge is fully functional and has been open selling hots and hamburgers when there are games on the fields. The building Department has been busy with permits and inspections. We have upgraded our IT capacity in the Town Hall and are standardizing all Department email addresses for official mail to hamlinny.org addresses. This will help improve service, and insure that all correspondence is archived. The Library continues to be well used and is constantly providing great programs for our community.

It was with great sorrow that we said good bye to Bob Kruger, Hamlin's Town Historian. His untimely passing was a huge loss for his family, friends and the Town. Bob was a wonderful, kind hearted man. I never heard him say a cross word about anyone. He never sought the limelight and simply put his love of the Community into his work as Historian. He will be greatly missed.

As we wind down summer it is a good time to be thankful for all that we have. We are all part of this community and the more people that get involved in making it great, the better off we are. Talk to your neighbors, check in with the Senior Citizen that lives down the street. Sign up to volunteer for the Ambulance Corp or Fire Department. Try a Recreation program. Go to a church service. I know I have said all this before but I like to remind everyone that the more we help each other the stronger we are as a Town.

Sincerely,

*Eric*

Eric G. Peters  
Town Supervisor

## EXTRA MILE AWARD

Dave Maynard receives the "Extra Mile Award" for his tireless dedication serving as the Town of Hamlin Dog Control Officer at the Craig A. Goodrich Dog Shelter. Due to his love for these animals, he has gone above and beyond normal duties. He has expanded the dog shelter, created a facebook page, organized events like adoption days, fundraisers, pet parades, and supply drives. He has also developed relationships with The Mia Foundation, PAWS, Rochester Animal Shelter and dog control officers in other communities. The love and time he devotes to the animals and the shelter has made a positive impact on the residents and pets not only in our community but in the whole United States.

## FIRE MARSHAL'S CORNER

### **SAFETY TIPS**

- MAKE a home escape plan. Draw a map of your home showing all doors and windows. Discuss the plan with everyone in your home.
- KNOW at least two ways out of every room, if possible. Make sure all doors and windows leading outside open easily.
- HAVE an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet.
- PRACTICE your home fire drill at night and during the day with everyone in your home, twice a year.
- PRACTICE using different ways out.
- TEACH children how to escape on their own in case you can't help them.
- CLOSE doors behind you as you leave.

### **IF THE ALARM SOUNDS...**

- If the smoke alarm sounds, GET OUT AND STAY OUT. Never go back inside for people or pets.
- If you have to escape through smoke, GET LOW AND GO under the smoke to your way out.
- CALL the fire department from outside your home.

### **FACTS**

- According to an NFPA survey, only one of every three American households have actually developed and practiced a home fire escape plan.
- While 71% of Americans have an escape plan in case of a fire, only 47% of those have practiced it.
- 1/3 of American households who made an estimate thought they would have at least 6 minutes before a fire in their home would become life-threatening. The time available is often less. And only 8% said their first thought on hearing a smoke alarm would be to get out!
